Klick Fast Radio Cases & Accessories

RTHR880P1HOLKFRS

Leather Holster style case with retaining elastic rubber bung, allowing easy release of the radio from the holster. Also, our Klick Fast connector on the rear to allow quick release from the belt or garments and a belt dock to fit up to 50mm belt.

REAR P101
Earpiece Pouch

RSRPGSP1KF

Soft leather case, elastic sided with PVC front to allow access to Keypad and LCD screen with retaining straps around the top. Comes with a Klick Fast connector on the rear, to allow quick release from belt or garments and a belt dock to fit up to 50mm belt.

RSRP2000ADJP1KF

Soft leather case, elastic sided with PVC front to allow access to Keypad and LCD screen. Bottom loading, with adjustable fastening, to allow an accessories adapter to fit. It also gives better water protection via man down button and speaker covered by PVC case. Comes with a Klick Fast connector on the rear to allow quick release from belt or garments and a belt dock to fit up to 50mm belt.

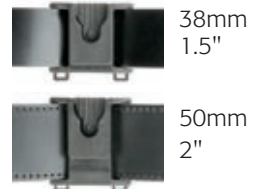

RMTH650P1KF

Soft leather case, elastic sided with PVC front to allow access to Keypad and LCD screen, Klick Fast connector on the rear to allow quick release from the belt or garments and a belt dock to fit up to 50mm belt.

DOCK02

Our 38mm (1.5") Dock threads onto a standard trouser belt, allowing officers to transfer their radio from their utility belt when working in the station. Also suitable for use by CID officers.

38mm
1.5"

50mm
2"

DOCK03

Our 50mm (2") Dock threads onto a Police Utility Belt.
Please measure your belt width before ordering Docks.

DOCKRSMTAG

Fits into existing remote speaker mic tags on uniform to give an instant KlickFast mounting option for a terminal.

DOCK05 BL

(to fit 50mm Belt)

Leather Belt Loop, to slide onto a Utility Belt, which has a Dock05 riveted to the front for attaching a radio.

DOCK08

'Screw-to-Fit' Dock.

Upgrade your existing garments with this screw-together Dock, whilst awaiting garments with sew-in Docks.

Can be fitted within minutes.

Incapacitant Canister Holder

Proof of identity is required with Collar Number and Station Address.

P175

Incapacitant canister holder, with 12 position ratchet, security lanyard and moulded handgrip. Canister remains clipped into the detachable part of the holder for ease of operation.

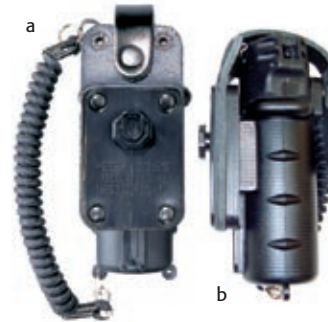

P175AR

This fixed version of the Spray Holder for OC/CS Canisters comes with a fixed belt loop, twisty retaining lanyard and an angled pot for right-handed use.

P175AL

As above, for left-handed use.

P175KF

This spray holder comes with a Klick Fast Stud fitting instead of a belt loop and ratchet, allowing you to use the Klick Fast Docks on your Body Armour or Belt as mounting options. Comes with a 50mm belt dock.

OUR LATEST INNOVATIVE DESIGN

P200

Once again our latest innovative design, made from high quality leather and durable moulded nylon, offers more than other similar holders on the market. The Peter Jones Design Department has produced a moulding to sit inside our latest Speedcuff holder. This moulding is shaped to hold the cuffs in position once the retaining strap is released for use. This standard P200 product also has the bonus of our ratchet belt loop mechanism, which can be adjusted for comfort.

P200 Speedcuff Holder

Other versions available:

P200KF

The same concept as the P200, but fitted with our Klick Fast Carrying System stud and dock.

P200FIXEDBL

Once again, the same concept as the P200 except the belt loop is in a fixed position, with no ratchet mechanism.

Please note: Sales by Mail Order only. No personal sales facilities at the factory.
